COLLEGE

Swami Vivekanand Mahila Mahavidyalaya, Roopnagar, is located in Village Roopnagar, Rai Ka Bagh, Parbatnagar Road, Ajmer, Rajasthan. Our aim is to provide our young girls from the rural sector a platform to recognize their potential to help in their personal and future growth. One of our key principles is to provide quality education to our students and focus on practical learning through various activities and workshops creating a conducive environment that makes them feel safe and cared for. Our team helps our young women to face the daily life challenges with confidence and to take on leadership roles such that they impact their respective communities and villages.

Our teachers are working towards imparting meaningful education to our students and encourage them to think innovatively and confidently. We provide our students with various activities platforms that help them to build confidence and team spirit while also inculcating the habit of Through an integrated educational curriculum and practical training an attempt is made to ignite critical thinking and leadership qualities to help the young generation to make an effective contribution towards the betterment of the society.

We believe that if these young ladies receive the appropriate guidance then they

would not only become better leaders but wonderful members who, as professional teachers, could impart knowledge to future generations.

ABOUT SEMINAR

The present National Education Policy of India 2020 (NEP 2020), aims at school and higher education institutions both outlining the vision of new education system of India. Through NEP 2020, the Government of India has paved the way for transformative and dynamic reform in school and higher education system of our country. The National Education Policy 2020 was approved by the Union Cabinet of India on July 29, 2020. The new education policy has replaced the previous "National Policy on Education, 1986" which was the second only education policy of India since independence as the first "National Policy on Education" was launched in the year 1968. The first education policy of 21st century of our country which has replaced the 34 years old national education policy, in its first step of implementation has renamed the erstwhile Ministry of Human Resource Development (MHRD) as the Ministry of Education (MOE) as suggested by NEP 2020. The new NEP 2020 is based on four pillars which are: Access, Equality, Quality and Accountability. One of the major decisions of NEP 2020 is that there will be a 5+3+3+4 schooling structure emphasizing on the first five years of early childhood care and education beginning at age of three, which comprises of 12 years of school and 3 years of preschool or

anganwadi replacing old 10+2 structure. It also emphasizes on the use of mother tongue or local language as the medium of instruction till Class 5 and aims to increase state expenditure on education from around 3% to 6% of the GDP as soon as possible. For higher education it proposes a 4 year multi-disciplinary bachelor's degree in an undergraduate programme with multiple exit options and a Higher Education Commission of India (HECI) will be set up to regulate higher education. This national seminar is an attempt to share and discuss the applicability and implementation of NEP 2020 effectively in the educational institutions across India.

The conclusion drawn from the seminar would facilitate the organizers, participants and other stakeholders in making suggestions and legislative and policy based interventions to bring about positive and wholesome transformation in both social cum legal sphere.

SEMINAR SUB THEME

- Salient features of NEP 2020.
- Holistic approach and concept of education under NEP2020.
- Use of technology and online resources in teaching and learning process.
- Critical Analysis of NEP 2020 and its implementation.
- Role of Teachers and Professors as per NEP 2020.
- Skill India and Digital India.
- Assessment and Evaluation.
