BEST PRACTICES

INSTILLING SOCIAL RESPONSIBILITY THROUGH ACTIVITIES

Instilling social responsibility is one of the core objectives of our college. The college makes the students aware of their obligations to the society, especially the weaker section. Practical knowledge of life is gained only when the students step out of the campus and into the society.

1. OBJECTIVES OF THE PRACTICE

- To fulfill the mission of the institution.
- To make every student a socially responsible citizen of the nation.
- To bring in a holistic development.
- To transform the valuable youth energy to serve the society.
- To help the down trodden people.
- To help the government in implementing its development schemes.

2. THE CONTEXT

Education is not just acquiring knowledge and obtaining degree but using the knowledge gained to the benefit of the mass. Instilling social responsibility in a student helps him to realize their potential and turn it to his own benefit and to the benefit of the society in which they live. It helps to foster empathy in students and help them to balance self, society and environment.

3. THE PRACTICE

- Students force is used to help society in natural calamities.
- Students are the representatives of all government welfare schemes. They are trained to take the schemes to the people.
- The NSS volunteers assist the city corporation in its development activities.

4. PROBLEMS ENCOUNTERED

- Meeting the academic requirements when a student is involved in social activities was a challenge.
- Training students as trainers was difficult.
- Raising funds for activities.

5. RESOURCES REQUIRED

As per the need of the event.

6. EVIDENCE OF SUCCESS

- Almost all students during the period of study move out of the campus and serve the society.
- Students rendered first hand assistance to the people when they were affected by some natural calamities. Food, dresses and medicines were donated.
- Students are the active volunteers of Swachh Bharat Abhiyan, Meri Mati Mera Desh, MAHILA AVAM BAAL SWASTHYE AND Tikakaran etc.
