WASTE MANAGEMENT POLICY

This policy envisages to guaranteeing the moral, social and legal responsibilities of the college in creating an environment-friendly and sustainable world.

1. Our college follows the principles of four "R" reduce, recycle, refuse and reuse.
2. Motivate the students and staff to create plastic free campus.
3. Create consciousness among students and staff of waste management by explaining them various means of waste management.
4. Precautions shall be taken to use steel utensils stored by NSS and college during the camps, functions and other activities.
5. Two types of disposal bins are kept for proper disposal of wastage in college campus.
6. All the disposal bins waste is disposed in a large container kept by municipality in the campus which is disposed time to time.
7. Water conservation system is installed in campus to ensure no water wastage during rainy season.
8. All labs, canteen, wash-room and other area liquid waste is managed such that it connects to drain and fits which is cleaned, periodically and rest of the liquid pass into the traditional drain.
9. A committee is formed for the disposal of waste, especially E-waste which will ensure the safe disposal of E-waste.
10. To reduce waste materials like one side printed papers, empty pens, cold drink bottles and further are reused such as like cold drink bottles used for plantation, to lessen the Waste in the campus.
11. Some materials like old newspapers, empty files, paper waste, stationary and others are sells to vendor to recreate some money and can be used in further activities.
